ABOUT US

The Luxembourg Centre for Systems Biomedicine (LCSB) is an Interdisciplinary Research Centre of the University of Luxembourg. It combines experimental and computational approaches to analyse complex biological systems and disease processes with a strong focus on neuropathology including neurodegeneration and epilepsy. The overarching strategy of the LCSB is to combine systematically experimental and theoretical approaches to develop mechanistic disease models.

The 7th edition of this international conference on Neuroinflammation will now take place in Luxembourg from 11 to 13 May 2023. Through a comprehensive scientific programme with a broad basic and clinical focus, the conference will address the entire spectrum from basic aspects of Neuroinflammation and Neurodegeneration to state-of-the-art and emerging treatments. A special emphasis will be put on the many roles of immune mechanisms in neurological disease and their potential as diagnostic or therapeutic target.

Speakers from diverse areas of Neuroinflammation will present their most recent research insights in order to stimulate vivid discussions and idea findings for future collaborations.

Moving this renowned conference series to Luxembourg offers new grounds for scientific exchange, joint strategies and collaborative actions with the Neuroinflammation community on an international level.

The three days conference will host 31 internationally renowned experts and offers 15 Blitz talk slots for young researchers.

KEY INFO

Date:	11, 12 & 13 May 2023
Venue:	University of Luxembourg Maison du Savoir 2, avenue de l'Université L-4365 Esch-sur-Alzette Luxembourg
Audience:	~250 participants on site & 50-100 online
Website:	https://neuroinflammation.uni.lu

WHY BECOME A SPONSOR?

1

Meet a unique community of life scientists and developers from academia, hard & software industry and policy makers in the field of Neuroinflammation

2

Learn about customers' current needs and expectations and discuss future trends and challenges with other experts in the field

3

Show your products to highly trained participants

4

Gain more visibility

WHAT DO WE OFFER?

PACKAGES

	Platinum	Gold	Silver	Bronze
Exhibition booth ¹	6 sqm	6 sqm	4 sqm	
Priority selection of space location	#1	#2	#3	
Advertisement banner in conference app	✓	✓	✓	✓

Info material ² in delegate packs	✓	✓	✓	✓
Free registrations	4	2	1	1
PRICE*	10 000 €	5 000 €	2 500 €	1500 €

¹ Booth 6 sqm: up to 2 rectangular tables and up to 4 chairs. Space for 2-3 roll-ups.
Booth 4 sqm: 1 high table and 2 stools. Space for 1 roll-up

² To be provided by the sponsor.

* excluding VAT

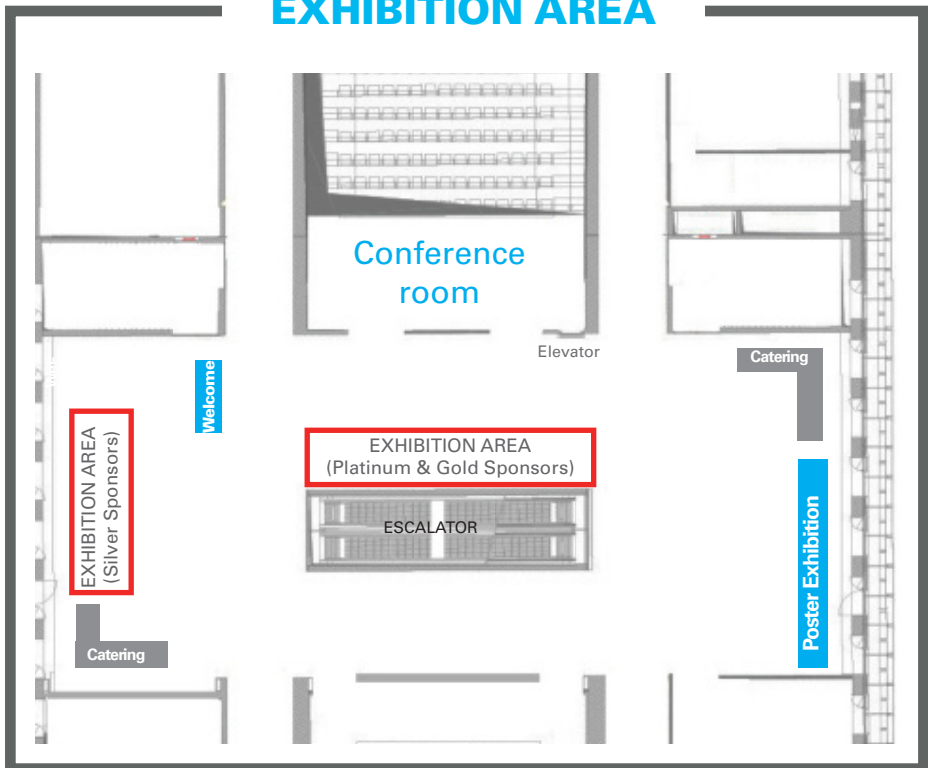

INDIVIDUAL OPTIONS

Coffee break *	800 €
Lunch break *	1 000 €
Sponsor a session *	1 200 €
Networking dinner **	4 500 €

* Special mention in conference website, conference app and at the beginning of the session/ break. Roll-up in conference room if session sponsorship or reception area if break sponsorship.

** Special mention during the dinner, in conference website and app, possibility to bring a roll-up to the dinner venue.

EXHIBITION AREA

WHAT IS THE CONFERENCE APP?

The conference application can be downloaded from the App Store or Google Play and will be available for all the participants.

The app gathers all usefull information about the event such as the agenda, the map of the venue, the speakers, the abstract, etc.

In addition, some features are particularly interesting for sponsors and exhibitors,

Get more visibility before, during and after the conference through a special section dedicated to exhibitors and sponsors

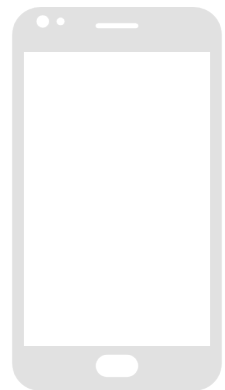

Advertise your company through special banners appearing in the app

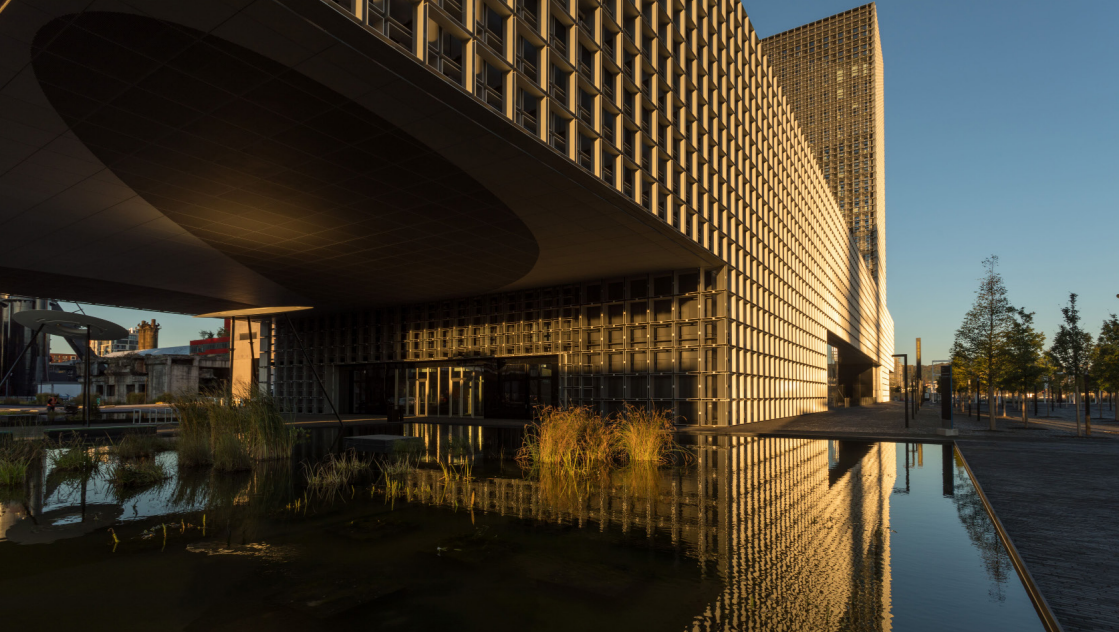

Send notifications to participants

Boost networking by sending messages to other participants or scheduling B2B meetings during the event

The conference will take place in the Maison du Savoir (literally House of Knowledge), the central building of the University of Luxembourg. The building offers several rooms and auditoriums that can be used for public or private seminars.

The 7th Venusberg Meeting on Neuroinflammation will take place on the 3rd floor.

HOW TO REACH BELVAL CAMPUS?

From Luxembourg Airport - Findel

30 km from the venue
25 minutes by taxi
45 minutes with public transport (Bus + train)
www.lux-airport.lu

From Luxembourg Central Train Station (Gare Centrale)

20 km from the venue
20 minutes by taxi
35 minutes by train (trains every 15 minutes)
www.cfl.lu

Reaching Belval by Bus

Several bus reach Belval campus.
More information on public transports is available on www.mobiliteit.lu

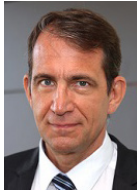

Reaching Belval by Car

The venue is easily reachable through highway A4.
More information on how to access by car and parking availabilities can be found on the conference website: <https://neuroinflammation.uni.lu>
